

# MASTER FOAM

Nonfood Compounds  
Program Listed (A1)  
#137674

**MASTER FOAM** is a high foaming concentrate that has corrosion inhibitors in a non-caustic based formulation. This powerful cleaner is biodegradable, safe, and easy to use on all types of soils and surfaces in food processing plants. **MASTER FOAM** penetrates rapidly and works fast to soften and suspend soil so that it can be easily rinsed away. Works well in hard water locations and contains anti-redeposition agents to prevent spotting. Excellent results on normally hard to clean surfaces such as fiberglass, plastics, and rubbers. Easily rinsed and leaves no chemical residue. Suitable for all food processing plants such as meat and poultry, seafood processors, vegetable processors, nut and seed plants.

Use with one of the many foamers from Astro Products  
Create dense penetrating foam for the best results!

**Applications:** Aluminum surfaces, pots, vessels, conveyors, hooks, meat lugs, walls, floors, Famco linkers, stuffers

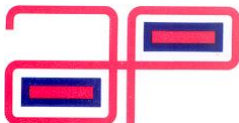

**Benefits:** NSF registered formulation, #137674 (A1, general cleaning)  
High foaming powerful cleaning action  
Highly concentrated for diverse uses  
Corrosion inhibition and hard water tolerant  
Rinses cleanly with no streaking or spotting  
No organic or inorganic phosphorus, solvents, or VOC's

**Use levels:** Meter through a foaming applicator at 1 to 2 oz. per gallon for light applications and 4 to 6 oz. per gallon for heavily soiled equipment or surfaces. Potable water rinse required.

**Specifications:** Appearance: Straw colored thin liquid  
pH: 12.5 – 13.5 as is  
Specific gravity: 1.08 - 1.09

**Cautions:** Safe to use on most surfaces including aluminum, spot check if uncertain. Product is strongly alkaline, use proper personnel protection when using.
