

MAX FOAM

Nonfood Compounds
Program Listed (A2)
#101328

MAX FOAM is a high foaming concentrate that has potent wetting agents in a concentrated cleaning formulation. This powerful cleaner is biodegradable, effective, and easy to use on all types of soils and surfaces in food processing plants. **MAX FOAM** penetrates rapidly and works fast to soften and suspend soil so that it can be easily rinsed away. Use **MAX FOAM** to remove carbonized food soils from smokehouses, trolleys, kettles and related equipment. This powerful formula quickly dissolves protein so it can be easily removed. Works well in hard water locations and contains anti-redeposition agents to prevent spotting. Easily rinsed and leaves no chemical residue. Suitable for all food processing plants such as meat and poultry packing plants, seafood processors, nut processors, and vegetable processors.

Use with one of the many foamers from Astro Products
Create dense penetrating foam for the best results!

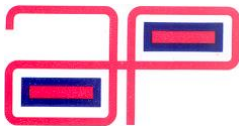

Applications: Stainless steel surfaces, smokehouses, trolleys, pots, kettles, conveyors, hooks, trays, walls, floors

Benefits: NSF registered formulation, #101328
(A2, soak tank and steam / mechanical cleaning)
High foaming powerful cleaning action
Highly concentrated for diverse uses
Rinses cleanly with no streaking or spotting
No solvents or VOC's

Use levels: Apply with a foamer at 1 to 2 oz. per gallon for light applications. Use 4 to 6 oz. per gallon for heavily soiled surfaces and soak tanks. Potable water rinse required.

Specifications: Appearance: Amber liquid
pH: 13 – 14 as is
Specific gravity: 1.29 - 1.31

Cautions: Safe to use on most surfaces except aluminum and other soft metals, spot check if uncertain. Product is strongly caustic, use proper personnel protection when using.
