

ASTRO CLEAN ACP-50

CLEANER - DEGREASER

ACP-50 is the **GENUINE** industrial cleaner. Formulated to remove heavy accumulations of grease and grime, **ACP-50** is the product serious maintenance professionals are never without.

ACP-50 is a concentrate and can be diluted to perform many different cleaning jobs. Use it to clean walls, floors, forklifts, automotive engines, vinyl surfaces, painted surfaces and more. Simply add more water for the light cleaning jobs.

To clean dirty forklifts and other heavy equipment, dilute with 10 to 20 parts water and apply with pump-up sprayer or spray bottle. Allow to soak several minutes and rinse with hot water. May also be applied with a pressure washer.

Remove black streaks from motor homes and campers with a solution of one part **ACP-50** and 3 to 5 parts water - brush on and rinse off.

Use **ACP-50** to clean whitewall tires. Dilute with an equal amount of water, spray on, let stand and rinse off. Use to clean motors. Spray on full strength. Wait a few minutes and rinse off.

Garbage cans, dumpsters and other smelly jobs - use 4 to 8 ounces of **ACP-50** per gallon of warm water. Scrub container and rinse thoroughly. For those really smelly jobs, add one ounce of **COUNTER STRIKE** to the wash water.

Bathrooms - clean sinks, counter tops, ceramic tile, etc. Dilute with water according to job to be done - 1 or 2 ounces per gallon for light cleaning - 8 to 16 ounces per gallon to clean tubs and showers. **ACP-50** does a good job of removing soap scum.

ACP-50 - A proven low cost industrial cleaner formulated for those really tough jobs. **Put it to work for you today!**
