

DAZZLE

DAZZLE is a low foaming, corrosion inhibited concentrate formulated for chemically removing all types of road soils from cars, trucks, vans, tractors, trailers, etc. Leaves vehicles with a sparkle that will make you proud.

POWERFUL PENETRATING ACTION removes road film without the need for heavy brushing.

This non-toxic, non-corrosive, non-flammable, odorless formula is safe for use on all painted or finished steel and aluminum surfaces. NOTE: **DAZZLE** is a concentrate and should be diluted with water before use.

SPECIAL ADDITIVES fight hard water ions and promote rapid cleaning and streak free rinsing.

USDA APPROVED as a general cleaning agent for use on the interior of food transportation trucks.

DAZZLE may be applied through automatic cleaning systems, high pressure washers or by hand. Normal cleaning dilutions are from 1 to 4 ounces per gallon of water. Most automobile and light truck cleaning can be accomplished very easily with only one ounce per gallon. Diesel cleaning will require heavier concentrations.

DAZZLE will remove heavy soil and grease from tractors and farm equipment without damaging the paint.
