

ULTRA CLEAN

Nonfood Compounds
Program Listed (A1)
#151039

ULTRA CLEAN is a highly concentrated food processing equipment cleaner that is formulated to remove stubborn and heavy soils such as fats, oils, greases, and cooked food soils. This powerful cleaner is formulated with highly effective detergents, chelating agents, and grease dissolving chemicals for rapid cleaning. **ULTRA CLEAN** is the ultimate choice for cleaning all types of food processing equipment – even heavily soiled smokehouse floors.

ULTRA CLEAN may be applied with one of the many foamers available from Astro Products, with spray equipment, or by hand with nylon pad or brush. Your Astro representative will assist you in determining the right mixture for your application.

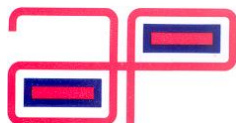

Applications: Food processing equipment, pots, kettles, conveyors, hooks, trays, walls, floors

Benefits: High foaming powerful cleaning action
Very effective on greasy food soils
Rinses cleanly with no streaking or spotting
No solvents or VOC's

Use levels: Apply with a foam machine at 2 - 4 oz. per gallon for light applications, 6 - 12 oz. per gallon for heavily soiled equipment. May also be applied with scrub brush or pad. Makes an excellent “scrub soap” for processing equipment.

Specifications: Appearance: Green viscous liquid
pH: 8.5 - 9.0 (1% solution)
Specific gravity: 1.03 - 1.05

Cautions: Safe for use on most surfaces, spot check if uncertain. Product can cause skin and eye irritation, use proper personnel protection when using.
